

TWO UNIQUE CRYSTAL CLASSES with MIKA

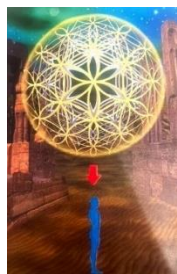

May 31: Instantaneous Healing through the Vogel Technique
and
June 1: Flower of Life Holographic Experience
The Star Portal, Mountain Pine, AR

Vogel Class, 9:30-5:30, Saturday, May 31

Centered on the work of Dr. Marcel Vogel, this class includes the therapeutic healing modality taught by Vogel, together with new techniques that have emerged. Practice hands-on healing sessions using the Vogel technique and wand. Learn the basic steps, including orientation and dialogue, clearing and charging the crystal, application of the Vogel technique, plus a self-healing technique. Mika says, "In over 33 years of working with crystals, I have never experienced the amount of healing available instantaneously through this work. We become conduits of Light and Love. When a crystal is cut and shaped, it can take on a Sacred Geometric pattern...in this case, the Tree of Life form."

Flower of Life Experience, 10-5, Sunday, June 1

Experience the Flower of Life, an automatic transmission to travel, heal, and expand your consciousness beyond 3-dimensional reality! Guided by Master Thoth and other interdimensional Beings of Light, Mika teaches the Flower of Life concepts in working form. Learn how to: invoke the Divine Beings and create a pillar of Light; envision the Holographic Flower of Life around your body and others; activate your 33 chakras; create a Merkaba vehicle of Light unmatched in its ability to transport you through different dimensions of reality; connect and experience healing.
